What's the biggest work/COVID-19 challenge you're facing this week?

Create a protocol with all procedures following Government and Corporate input.

What's the current situation in your city relative to opening non-essential businesses?

Smart working is preferable, we are in phase 2 with max 50% of occupancy.

How do you think COVID-19 will bring about permanent changes in corporate real estate and workplace strategy?

I think we'll change our approach following more and more "Microsoft Concept". It means that we'll push more on smart working, less desks, less sqm, high quality of the office, new concept of meeting (brain storming, design thinking ..)
